COMPANY OVERVIEW

Founded in 2012, Monelly Engineering Ltd began as a small electrical contracting company with a clear vision: to provide reliable, high-quality installations that homeowners and businesses could depend on.

What started as a passionate team dedicated to excellence has grown into a trusted engineering and technical services provider serving hundreds of clients each year.

Over the years, we have expanded our expertise beyond electrical contracting to offer comprehensive solutions in solar energy systems, security installations, plumbing, and interior works.

Our growth has been driven by a commitment to professionalism, skilled workmanship, and customer satisfaction.

At **Monelly Engineering Ltd,** every project is approached with the same dedication to quality, safety, and attention to detail that defined our beginnings.
